LB656 contains the Governors recommendation for FY2014-15 funding adjustments, commonly referred to as deficits. These adjustments include several increases as well as reductions. Large General Fund increases include \$17.2 million to pay for the IV-E disallowance in DHHS, \$7.6 million for foster care rate reimbursement, and a \$12.7 million increase for the Dept of Correctional Services related to higher inmate populations and medical costs. General Fund reductions include \$6.1 million over-budgeted for Homestead Exemption reimbursement claims and \$2.2 million in the Dept of Correctional Services for slower startup of the new vocational and life skills program under LB907 passed last session. The net change in funding by fund is shown below:

	Change in FY2014-15 <u>Appropriations</u>
General Funds	28,368,232
Cash Funds	9,943,872
Federal Funds	64,036
Revolving Funds	0
Total	38,376,140

Also, the Governor included reductions in reappropriated balances from the prior biennium. These amounts reflect unobligated and unused funds under current law accumulated from the prior biennium.
